

PAYMENT TERMINAL

CREDIT CARD PAYMENT - VISA, MASTERCARD, AMEX

1

KNOW WHAT PUMP NUMBER YOU WILL BE USING

2

INSERT INDUCTION CARD TO GAIN ACCESS

3

INSERT CREDIT CARD - YOU WILL NEED TO KNOW YOUR PIN

4

FOLLOW THE INSTRUCTIONS

You will need to select a dollar value to authorise to gain this desired volume a dollar value is Volume x cents per litre = approx. value needed to authorise. It may take up to a minute to process.

5

A QUICK MESSAGE WILL SHOW TO GO TO PUMP TO TAKE FUEL

Blink and you may miss it, the Dispenser will be flashing meaning its ok to pick up nozzle.

EFTPOS CARD CHEQUE, SAVINGS ACCOUNT

1

SAME AS CREDIT CARD

You may notice a extra message "Reversal" show after "Go To Pump" this is because for EFTPOS it does a test transaction to ensure you have the funds available, the actual amount taken will then be charged.

WEX CARD - A PIN ON YOUR CARD IS REQUIRED

1

SAME AS CREDIT CARD BUT THERE MAY BE EXTRA QUESTIONS

Not all WEX Cards are setup with a Pin number, you will need to call Wex to set a pin to be able to use.

WA FUEL SUPPLIES ACCOUNT CARD

1

SIMILAR TO OTHER CARDS BUT IT WILL NOT ASK FOR A VALUE

WA FUEL SUPPLIES Account cards are the fastest way to process a transaction, these cards are intended for users that are higher volume and transaction value customers.

TIP - INDUCTION CARD NEEDED INSERTED BEFORE ANY OTHER CARD
